

Just Bubs Thoughts: July 18, 2018

Diagnosis?-Terminal!
Bomb dropped,
kill 2 birds with 1 stone,
Devastated,
ground zero looks like Heroshima/Vagasaki,
when the towers dropped.

The Liberty building to the Berlin Wall,
In the Trump era,
build a wall in the greatest nation of all.

Radiation dosage received while were deceived to believe,
the propaganda.
Stomachs not working.
NO WARNINGS,
check engine lights on;
Loves lost.

I'm sorry your hurt Mom.
Skin squirms,
brain mushed now, in a world full of cruelty,
I'm angry, yet sad, disappointed,
This is my life and it's NOT A GAME!
I AM NOT A PAWN!
I too, bleed, I too cry, I feel, I could be you.

Fill with smoke-oh-the mirrors illusions,
Is all hope lost?
Life delt a horrible hand, it's Not my fault.
My grandpa served in exchange for a bullet that :
didn't kill him.
Tobacco said: "Smoken'm, now we've got him"
Grandma died alone, remember?

Peacéfùl,
hearts eyes rest as I sing:
" fly me to the moon, before I turn back to a street goon.

Frank Sinatra, his biggest fan,
he made the plan-
to be a tru gangsta from the classic ol' school,
No rules just loyalty,
Terrywhile Park,
we addressed the proposal where she say "yes",
emotional stress, as I verbally hurt her,
now she with her ex.

Beyonce' was wrong,
to put a ring on it,
as the ring get traded for crack, dumb bitch wack!

had my frills and thrills,
flatlined down thru my chest,
sleep'n draems,
haunted by evil spirits that linger.
Brotherly love- supernatural?

Trump,
the highest chair,
silent snare,
wise guys, live in a cave, nick-named:
"Twigs and Giggleberries"
G7, G.Q 20 something,
spoken strong,
heavy hitter like Sammy Sosa.
On my way with hope to get my way,
smooth sailing,
peaceful sounds,
world views,
drop in stocks,
news real or fake news?
products revealed,
effected sales,
CNN stealing, shootings, our kids dying,
court staff, internal affairs, justify police killings-
true reality.
The only peacethats found is when were meditating-
trouble concentrating-
Doctors quick fix-
Pharma world,
True addict , fibbing.

Keep doin wrong?
No deliverence!
Deported:
if your not a truean original American-
Why is this happening?
No government facility in population management work'n,
it's as'bone dry as the calcium made bone in biology

Who knew bringing a President to justice meant:
being a master of all criminology.
such an epifany, so revolutionary to have power in knowing-
-scary-
the truth showing ALL presidents shady.

Look at Bill and that Monica lady,
can't hide a desks "white washing".

People say : I got trust issues, look what I've done,
and
the pain I've caused,

the hurt, the scars,
now, behind bars.

Hard to trust self, let alone a woman,
can't nothing be trusted that bleeds that much and
sucks the life outta you.
Stingy and rich people fight over financial woes, crazy!

Military gives you horrible, horrific views of:
experience of killing humans only to save a few,
then call it honor.

Bitterness and cold days ahead, signals of stopping,
not listening, mother's crying.
7 seas to continents,
there's more to life than taking up space.
Animal kingdom, the human race, #1 on the food chain?
Funny, we still act like dummies.

Animal instincts, juvenile delinquents,
can grab life by the horns,
yet, it still ends up being the shortest life for the bull rider,
at the rodeo-show back stabbing stage.

Back in jail cause we still live in the mental cage-
times get tough,
people get rough, tempers short-
now they slap on the cuffs.

Empathy is fake like a woman's breast implants,
sands through the hour-glass, jus' to pass time
is of the essence, here's a fable, a futile lesson,
take heed and with discretion, then pass the lesson-
in the next blunt session-
pay attention,
or
be left behind and lost!

World says were weak but strong thru burdens,
forgive and love all, allways.
